MEDICAL BILL REVIEW

MEMORABLE EXPERIENCE

After 22 years with Careworks, I've realized that my most memorable experiences aren't necessarily the big moments – they're the everyday ones. It's knowing what's going on in each other's lives, celebrating the good things, supporting each other through the difficult ones, and genuinely caring about the people you work with. I love those morning messages: "Good morning, how was your weekend" or "How was so and so's game last night?" It's those little connections that matter. Having co-workers that have become true friends makes coming to work each day meaningful.

"I started here when my youngest was just 5 years old, he is now 28 and getting married!"

POWER OF CHOICE

The "power of choice" is choosing how we respond to what life brings. After tragically losing my husband, JP, I've chosen to trust God, try to remain positive, and be grateful for the blessings in my life. I count this job and the people I've met here among them. I hope the way I live shows others that even through difficult circumstances, we can still choose gratitude and joy. A lot of life happens over 22 years, both personally and professionally. I've experienced new beginnings, difficult goodbyes, weddings, babies, and the joy of welcoming new people into both my personal and work families. Through it all, this company and the people here have supported me, and I feel truly blessed to be a part of an amazing team.
